

District Councillor Report

June 2023

Hello All

I have now completed my first month as a District Councillor and it has been a good experience. As a complete beginner I have taken advantage of all the induction and training sessions available through the NNDC and it has proved very beneficial. My next step is to find out what is paramount in Beeston and how I can help you as a Parish Council and the residence. Please share with me what sort of information is useful for you.

I am very keen to make myself available to local people, giving them a chance to meet and discuss any concerns they have in the area. I am aware that you don't have a central meeting venue but will look into, perhaps using the Scout Hut as a regular drop in destination.

I have been made aware of some locations where there is a problem with overhanging bushes that cause an obstruction for pedestrians. One of these was at the top of Britons Lane. I took the opportunity to go and have a look and happy to say that it looked as though it had been dealt with.

In the absence of knowing what you would like to hear about the following are a few items of news that I think are worth taking note of!

NNDC

NNDC has announced it has joined the UK:100. This organisation joins together a network of Councils who share information and resources in their aims to reach their goal of net zero emissions in the constant fight against climate change. For more information follow the links below.

Reef award

Great news – The Reef has been shortlisted to receive a planning award which would be a fantastic achievement for the area
