Minutes Dec 19 4B

To consider the Budget & Precept for 2020/21.

All members had received the Clerks working papers, draft budget, and other information. The Clerk reminded members of the information supplied by NNDC (no Local Council Tax Support Scheme Grant, precept forms to be returned by 31/12/19, and the matter of being able to take part in this discussion or vote on the precept if they were in arrears with their own council tax payments by two weeks. The Chair stated that he and RB had considered the Clerks figures, and without the local council tax support scheme grant, the precept should be fixed at £12,500 for the year 2020/21. RB confirmed the Chairs thoughts and pointed out that this would show an increase in parishioners bills under the parish element although this still kept the precept level similar to that of a decade ago. The parish had changed the precept for many years and had been faced with a high election bill (see 4a) and, although reserves covered the cost, they would fix the 2020/21 precept at £12,500. (Prop: DT, Sec: SK). The NNDC Precept Form was duly signed by the Chairman and Clerk.
