

Calling all budding Citizen Scientists!

On Sunday 11 June, we're excited to be taking part in 'Churches Count on Nature 2023', in association with the environmental charity, 'Caring for God's Acre'. This is an opportunity to celebrate, with our communities, the biodiversity in our churchyards & burial grounds by undertaking a biological record of the wildlife we notice. We're going to be sited at All Saints Beeston Regis in the afternoon next Sunday from 3-5pm. Do pop along to our WILD Church gathering & join us in practical & united action in support of 'Love your Burial Ground' week.

Calling all Garden Centre addicts!

Also at WILD Church next Sunday, from 3-5 pm, we're hosting our 1st environmentally- friendly 'SWAP SHOP'! Bring or Take - Plants, Seeds, Cuttings or even Gardening Know-How! No money will change hands! This is part of WILD Church's pledge towards climate care & greener living.
